FOREWORD

OKLAHOMA CITY COUNCIL OF CHURCHES
Rev. Donald F. Harrel, Executive Secretary
Oklahoma City, Oklahoma

This preliminary list of Churches and Religious Organizations of Oklahoma, Volume I, compiled by the Oklahoma Historical Records Survey of the Work Projects Administration, comprises four denominations and makes available the identity and location of about 2,500 churches, besides other religious organizations and institutions. This is nearly half of the total number of churches of all denominations in Oklahoma.

It gives some indication of the magnitude of religious work in the state and also of the task of making the survey, preparing preliminary lists, and publishing inventories of church records. It is hoped that Volume II, which would include all other churches in the state, will be forthcoming.

Donald F. Harrel

The Historical Records Survey began functioning on a nation-wide basis in January, 1936, under the direction of Luther H. Evans. In Oklahoma the work was begun under the direction of Robert H. Slover, state supervisor of Historical Records Survey activities for the Federal Writers' Project, and in November, 1936, the Historical Records Survey became an independent part of Federal Project No. 1 with Mr. Slover as state director of the survey in Oklahoma. In July, 1938, he was appointed regional supervisor for the survey in the western states, retaining the directorship of the Oklahoma project until January, 1939, when Charles E. Hutchinson was appointed to succeed him as state director for Oklahoma.

Upon the dissolution of Federal Project No. 1 the Historical Survey continued its operation in Oklahoma as a statewide project with the Oklahoma Historical Society as local sponsor from September 1, 1939 to January 16, 1940, when all projects concerned with public records in Oklahoma, including the Historical Records Survey Program, were consolidated into the Oklahoma Statewide Public Records Project with the Oklahoma Historical Society as official sponsor and some seventy-odd other governmental agencies in the state and the National Archives as co-sponsors.

Charles E. Hutchinson was appointed state supervisor of the statewide project, with Neill E. Sanborn as assistant State supervisor in charge of Historical Records Survey Activities. Mr. Sanborn was in direct charge of the work of preparing the material contained in this volume.

On February 8, 1941, the Record Commission of the State of Oklahoma assumed official sponsorship of the Statewide Public Records Project. This commission is composed of the Attorney General, the State Treasurer, the

State Examiner and Inspector, the State Auditor and the State Librarian.

The principal objective of the survey in Oklahoma has been the establishment of primary controls of basic materials for historical research. Inventories of county and federal archives which already have been published are listed elsewhere in this volume, and inventories of state offices, departments, boards and commissions have been made. A major phase of the project's work in Oklahoma has been the statewide survey of churches and religious organizations. An inventory of church archives of one county had been published and two others were ready for publication when it was decided that publication would be on a statewide basis rather than by counties.

The Preliminary List of Churches and Religious Organizations in Oklahoma has been prepared in connection with the publication of these inventories of church archives. In addition to its value as an outline of work to be done in the field of Church publication it is hoped that this work will prove useful as a directory of church organizations and church personnel greater in scope than the directories issued by individual organizations.

The plan of presentation is that of the United States Census of Religious Bodies. We have confined ourselves to the listing of facts as found in the field, and we have accepted the statements of responsible church officials concerning status and affiliations.

Much of the information included in this preliminary list was gathered by project workers assigned in their own communities. Reverend Samuel J. T. Sloan, church editor, was in charge of compiling and editing the material and establishing the format of this volume, assisted by Reverend John P. Crouch, Miss Bessie Mitchell, Mrs. Lucile McClure, Mrs.

Fern Chadwick and Mrs. Annie Mae Dow. The cover design was executed by Cris. O. Wolfe. Helpful criticism of this volume was offered by the Washington, D. C. editorial office. Donald A. Thompson, Assistant Archivist in charge of the Church Archives Inventories, reviewed the volume before publication.

The Historical Records Survey wishes to express its appreciation for the willing assistance and cooperation received from denominational officials, clergymen and others without which the publication of this volume would not have been possible. Among those who have contributed most generously are: The Most Reverend Francis C. Kelley, Bishop of the Roman Catholic Churches of the Diocese of Oklahoma City and Tulsa; Reverend Andrew Potter, State Secretary, Baptist General Convention; Reverend William A. Merrill, Executive Secretary, Oklahoma Christian Missionary Society (Disciples of Christ); Reverend Lewis N. Stukey, First Methodist Episcopal Church; Reverend John W. Browers, President, Fort Smith-Oklahoma Conference of the Methodist Protestant Church; Reverend Charles C. Selecman, Bishop of the Methodist Church of Oklahoma; Reverend Elza L. Jorns, Secretary, East Oklahoma Conference of the Methodist Church, and Reverend Forrest A. Fields, Secretary, West Oklahoma Conference of the Methodist Church.

Inquiries or comments concerning this publication should be directed to Charles E. Hutchinson, State Supervisor, Statewide Public Records Project, Work Projects Administration, 218 Commerce Exchange Building, Oklahoma City, Oklahoma.

R. Vinson Lackey
Assistant State Supervisor
Oklahoma Statewide Public
Records Project

May 19, 1942
Oklahoma City, Oklahoma

EXPLANATION

For the most part churches are listed by specific denominations under their associations, conferences, districts, etc. If incomplete records of a particular denomination make the association, district, or division of a church uncertain, it is listed as INDEPENDENT under its particular denomination.

Union, community and federated churches are placed under that denomination, if any, with which they are affiliated or to which they are closely related. When not so related, such churches will be listed with the interdenominational and undenominational churches. When churches of two or more denominations have united to form a federated or community church, entries are given under each denomination.

Indian and Negro churches are listed along with the white churches of the same denomination, except when denominational yearbook and directories list them separately. Meeting places other than church edifices, e.g., schoolhouses, have been added in parentheses.

Denominational names are not included in the names of individual churches. The name of the local church, as "First" or "Calvary", is used when furnished; otherwise identification is by name of town.

For the location of rural churches, except circuits, the names of the nearest town or the town from which members or communicants receive mail, is usually given. When the church is in one county and the town from which it is located is in another county the name of the latter county is placed in parentheses under the church name.

Under "Methodist Bodies," three or more circuit points or churches are listed together, usually under the entry bearing the circuit name.

In the list of appointments of the Methodist Church, which was formed by the union of three Methodist denominations, many churches and pastors of the three old denominations were omitted. Also some of these churches were transferred to the Arkansas Conference, and therefore left off the Oklahoma list of the Methodist Church. However, in order to assist in any inquiry as to the records of the three denominations prior to the merger, the churches of all three denominations have been listed.
